Awarded Hotel Association Scholarship

The 17-year-old daughter of Mr. and Mrs. John West of Carmangay, Mary Ann West is shown above receiving an Alberta Hotel Association Scholarship award in the amount of \$500. At the left, making the presentation on behalf of the Alberta Hotel Association, is Alex Yanosik, proprietor of the Grange Hotel at Carmangay. On the right is Don Yeomans, principal of the Carmangay School, where Ann has attended from Grade 1 to Grade 12.

In addition to the Hotel Association Scholarship, Ann has been awarded the Andrew Haworth Memorial Scholarship to be used in furthering her education next year. She is presently attending the University of Alberta at Calgary in the Faculty of Education, leading to the degree of Bachelor of Education.

Other awards won by this Carmangay girl during her high school years included the Carmangay Home and School award for highest standing in Grade 9 and third prize of \$100 for her essay on "Aviation in Alberta" in a competition held last year to mark the 100th anniversary of flying in Canada.

Interesting Golf "Horse Race"

The Vulcan Golf and Country Club held its first "Horse Race" over the weekend despite the worst weather conditions imaginable for good golf.

Glen "If He's Right" Gorbous, the co-favorite, came in first closely followed by Harold "Should be in the Money" Boutland, who in turn just nosed out Ron "Class of the Field" Buehler. With these three heavily backed golfers leading the field the payoff didn't reach the large figures that some punters had planned on.

Saturday night it appeared that this affair was going to be one of the highlights of the golfing season, but with high, cold winds

blowing all the next day the spectators were reduced to a hardy dozen who followed their faithful around the course. However the betting was brisk and anyone with yellow, white or pink tickets on Gorbous, white or pink on Boutland and pink on Buehler may cash in the same with "Bookie" Wellman.

Other "horses" who ran in the field of ten were "Outside chance" Ralph Clark; "Ace in the Hole" Chas. Fulton; "Down the Middle" Jean Moyer; "Strictly a Gamble" Bud Haverty; "Might be Lane" Cliff McAskie; "Good in the Mud" Joe Keenan and "Just a Long Shot" Doug Paris.

Promotion For Ray Bennett

Friends of Ray Bennett, accountant at the Provincial Treasury Branch in Vulcan, will be pleased to learn of his promotion to manager of the Treasury Branch at Pincher Creek. Ray has already taken up his new position and Mrs. Bennett will join him early in October.

New accountant at the Vulcan Treasury Branch is Lloyd Laing, formerly of Edmonton.

Now Over 49,000 Cattle In County

A provincial government survey of cattle in the County of Vulcan in 1958 reveals that that year the cattle population in the County was 49,119. The survey disclosed only three TB reactors.

The survey shows that the cattle population of the County area has increased three-fold in nine years. In 1949, cattle population of the same area was 16,000.

The groom as bridesmaids and little Kathy Ruggles, daughter of Rev. and Mrs. W. Ruggles as flower girl. The maid of honor wore a floor-length gown of blue nylon net over tulle with matching headpiece and she carried a nosegay of blue carnations. The bridesmaids wore waltz-length dresses of yellow and pink, respectively, with matching headpieces and carried nosegays of carnations to match their dresses. The little flower girl was dressed in a short dress of blue nylon over net and carried a basket of white carnations.

Frank Ruggles was his brother's best man, with Dwight Hoel, brother of the bride and Richard Steeves, cousin of the groom as ushers. During the signing of the register, Garland Hoel, brother of the bride sang, "The Wedding Prayer," accompanied at the piano by Miss Mary McComish of Coronation.

For her daughter's wedding, the bride's mother chose an aqua and white figured dress with white accessories. The groom's mother chose a dress of dark blue with white accessories. Both wore corsages of pink carnations.

The reception was held for about 200 guests in the Community Hall. Rev. W. Ruggles was master of ceremonies and Dorn Ruggles, uncle of the groom, proposed the toast to the bride to which the groom ably responded. Miss Joyce Steeves, cousin of the groom, was in charge of the guest book. Solos were rendered by Amber Hoel, "Beside the Still Waters", and Don Steeves, "Be Thou Our Guide."

For travelling to Banff the bride changed to an aqua wool suit with black and white accessories. Her corsage was of pink roses. The happy couple will make their home on the groom's farm east of Champion.

Public Works Grant Earned

County Committees Hold Regular Meetings

County of Vulcan councillors held regular September meetings last week.

The school committee dealt with routine matters such as appointment of official delegates to the trustees' convention on Nov. 4, 5 and 6. Chairman J. M. McKay and committee members Green and Smith will represent the county.

The Andrew Haworth scholarship fund award for the 1958-59 term to the student graduating from Carmangay High School with the highest marks was awarded to Miss Mary West.

A motion to grant a \$100 bursary for teacher training to Mrs. Roberta M. Davis was passed.

Mrs. Inez Liebrich was appointed vice-president at Lomond for one year.

At the municipal meeting the public works program was discussed in detail and application sent away for the 1959 public works grant. Information was given to the committee that the winter works program would be available again this year. Committee members expressed the hope that the county would be able to obtain assistance for gravel crushing.

At the County Council meeting held on Friday, Jack Dietz was re-elected deputy chairman for the ensuing term. The councillors were appointed delegates to the Municipal District Convention to be held in Edmonton Nov. 17, 18, 19, 20.

Discussion was held over the matter of engaging an assistant Agricultural Service Board fieldman and left with the Service Board.

Council expenditures. Councillors spent considerable time comparing 1959 budget figures with the actual expenditures to the end of August. A motion was passed to curtail expenditures as much as possible until after the new year in an effort to keep in line with the 1959 estimates as nearly as possible.

Councillor R. S. Irwin was appointed representative from the County of Vulcan to the Board of Directors of the Vulcan Seed Cleaning Association Ltd.

Teen-age Hunter Statute Revised

Fish and Game members and parents of the district will be interested in a change of the hunting regulations which apply to teen-agers.

Article 17 now reads: "No license or permit shall be issued (a) to a person under the age of 14 years, or

(b) to a person over the age of 13 years but under the age of 16 years unless the application for the license or permit is made by, or with, the consent in WRITING of the parent or guardian of such person."

Previous to the revision the by-law made a straight 16-year age ruling.

Also on the Fish and Game scene, Wolfe's Hardware, local weighing centre for ducks and geese entered in the heaviest bird contest, has its first geese listed. They are the Canada Geese shot by the group whose picture appears in this issue and top weight is 10 pounds, six ounces.

The two other weighing centres located at Don McCord's, Queens-town and Joe Thompson, Milo, have not made any reports as yet but as the season progresses it is expected the race will become more serious.

Acclamation For Council Nominees

Withdrawal of the nomination of town councillor candidate John Wolfe makes a civic election unnecessary in Vulcan this year, with council nominees Walter Sutherland and Frank Burchak elected by acclamation. Mayor-elect J. Lundy Findlay has also been elected by acclamation.

Other members of the town council are Ed Emelson, Gary Ness, M. R. Morrison and S. H. H. Joiner.

Adding machine rolls always in stock at the Advocate.

Light Bulb Canvass Monday

The Lions Club light bulb campaign got off to an unofficial and early start in the country districts last week when wet weather held up harvesting operations and response to the appeal to buy a bag of bulbs has been good.

In Vulcan, the Lions will conduct a house-to-house canvass the evening of Monday, Oct. 5. A bag of bulbs contains two 60 watt, four 100 watt and one 150 watt bulbs and sells for an even \$2.00. Proceeds from the sale of bulbs will go to the Lions Memorial Swimming Pool.

Those who are not home Monday evening or are otherwise missed are reminded that the Lions' bags of bulbs can be purchased at the Vulcan Electric Co. store or at the Vulcan Seed Cleaning Plant.

Ambitious Pullet

In today's world of terrific scientific advancement, the stage has been reached where fabulous discoveries become merely common interest, because of the rapidity with which they occur. So it is gratifying to find truly surprising things happening here at home and occurring right in the old barnyard.

One of the pullets from Reid Hill farmer, Nick Makortoff's chicken coop gave evidence of her claim to fame by shedding an egg, the size of which must have made her owner feel he was raising ostriches.

This specimen weighs in at 3 1/2 ounces, is 6 1/2 inches around and is at the Advocate office for those who believe such stories only when they see the evidence.

Nick is raising between 50 and 100 mates of this celebrity, which have been laying four or five months, but none has had the courage to attempt such a stunt before.

Nels Peterson, Milo Pioneer, Dies

Nels Peterson, aged 97 years, passed away at Medicine Hat on Sunday, Sept. 27. Born in Sweden, he came to Milo in 1909, retiring to the Vulcan district in 1943 and has resided there since.

Predeceased by his wife Hulda in 1953, he is survived by five daughter and five sons, Mrs. Charles (Emily) McIntyre, Sundre; Mrs. Wm. (Ethel) Herman, Calgary; Mrs. Wm. (Edna) Andrews, California; Mrs. Robert (Alberta) McCaugherty, Kelowna, B.C.; and Mrs. Nelsie Robertson, Vulcan; Raymond, Conrad and Arthur of Milo and Walter and Leroy of St. Johns, Wash.; also 29 grandchildren and 43 great grandchildren.

Services were held on Friday at 2 p.m. in the Vulcan United Church with Rev. D. A. Sharpe officiating. Vulcan Funeral Home were in charge of arrangements. Interment was made in the Vulcan cemetery.

Get Good Bag of Canada Geese

The pleased smiles of the three Vulcan residents shown above and the six Canada geese they are holding are the result of a successful goose shoot one evening last week. Dr. Michael Koziol, Mrs. Elsie Tompkins and Ray Scott are the nimrods and the geese were shot north of Vulcan—the exact location being "top secret."

Head-on Crash

Four Persons Injured In Highway Collision

Four district residents were hospitalized Monday morning following a head-on collision between two cars on Highway 23 about four miles south of Vulcan.

Most seriously injured was Bert Maisey, well known farmer of the Kirkcaldy district, who was returning home from Vulcan when the accident occurred. He received compound fractures of the left elbow, right hip and right ankle and a laceration at the corner of his left eye.

Driver of the northbound car, Mrs. Allan McLean of the Champion district suffered a compound fracture of the right knee and a deep cut at the left knee joint. With her in the car were her son, Dana, aged 5, who received facial lacerations with damage to teeth and gums, and her daughter, Heather, aged 3, who suffered concussion and a five-inch laceration of her forehead.

The accident was discovered by a salesman who phoned Vulcan doctors and police from Kirkcaldy, about one mile south of the crash. Vulcan Motor Products ambulance rushed the accident victims to the Vulcan Hospital, where they are now reported to be making satisfactory progress.

Adrian Gingras Of Brant Passes

Adrian Gingras of Brant died in the Vulcan Municipal Hospital on Sept. 18, after a long illness. Born in Three Rivers, Mass., U.S.A., Mr. Gingras came to Alberta with his parents in 1915 and has resided in the Brant district since.

Surviving are his widow Louise, three daughters, Carolyn, 16, Diane 11 and Lorraine, 9; two sons, Phillip, 14 and Michael, 3; three sisters, Mrs. R. M. Ward of Fairview, Mrs. Mel Crawford of Zweibrücken, Germany and Jean of Calgary; three brothers, Homer of Pincher Creek, Gerald of Edmonton and Maurice of Brant.

Funeral arrangements were conducted by Snodgrass Funeral Home of High River and the funeral service was held in the Catholic Church in Brant at 11 a.m., Sept. 21. Rev. Father Leaver officiated. Pallbearers were Paul Wallersheim, Phil O'Dwyer, Pat Gallagher, William Holoboff, Charles McNiven and Frank McNiven.

Interment was made in the Brant cemetery.

LINDA GAY, GARY AND RAY FLITTON

To Be On Canada-wide Telecast

A district family whose sights are set on a serious try at the entertainment world will be seen on their first appearance before a Canadian-wide audience soon.

Linda Gay and Gary, members of the Ray Flitton family of the Alston district, are to take part in the Dominion network television program, "Talent Caravan," to be telecast from Calgary on the evening of Thursday, Oct. 8.

These well-known performers who dance and play electric guitars are the only entries from south of Calgary. The number of votes mailed in, in favor of each contestant, determines the winner of each show. The successful act of the Calgary date will go east to compete on a program of winniness at a later time.

Auditions were held Sept. 18 and five were picked out of 50 hopefuls. Mr. Flitton, who also plays guitar, has been asked to join the accompanying orchestra during the couple's performance. Linda Gay, aged 12 and Gary, eight, attend school at Champion and have been entertaining for several years at different points throughout the province.

Ruggles-Hoel Rites At Champion

On Aug. 26, amid a setting of pink and white gladioli, ferns and pink and white streamers, at the Evangelical Free Church, Champion, Harriette Anne, eldest daughter of Rev. and Mrs. J. Oliver Hoel of Champion, became the bride of John Thomas Ruggles, eldest son of Mr. and Mrs. Ross Ruggles, also of Champion. Rev. W. Ruggles, cousin of the groom and Rev. J. O. Hoel, father of the bride, officiated at the ceremony.

MAJORVILLE

Friends will be interested to know that Mr. and Mrs. John Unscheid have forsaken city living and are now running a dairy farm near Sundre.

Member of the Liberty Community Association had a sand and gravel hauling bee during the week. It is hoped to be able to get the members together and have the basement of the school repaired and cemented before winter sets in.

The next meeting of the Milo-Queenstown Lutheran WMF will be held at the home of Mrs. David Deltz on Oct. 14.

An error crept into last week's news when the name Calvin Seabeck of Carmangay was reported as Calvin Ssalock.

Guests on the weekend at the home of Mr. and Mrs. Hugh Winch were, daughter Margaret of Lethbridge and her fiancé Calvin Seabeck of Carmangay.

Jay Bartsch left on Monday for Calgary where he is registered in the faculty of geology at the University of Alberta.

Harvesting operations this week comprised mainly baling straw and hauling bales into the farm yard for stacking. A start was being made on Saturday afternoon on combining, but wheat was still testing tough. Some flax was dry enough to thresh, so once more it is on with the job.

We add congratulations to Mr. and Mrs. Tim Ost (nee Leona Vooy's) of Lomond on the birth of a daughter in the Vulcan Hospital.

The Milo-Queenstown FWUA held their September meeting in Liberty on Thursday with eight members in attendance. Mrs. Gilbert Vooy's read the newffashes and correspondence. Among the correspondence was a letter from Wang Chun of Korea who was adopted by the local. The sum of \$25 was voted to be sent to the Mental Health Association. Mrs. G. Vooy's won the tea raffle. Lunch

was of the pot luck variety and was very much enjoyed. The next meeting will be at the home of Mrs. Clarence Unscheid on Oct. 15. Sam Gailley who recently purchased a house in Milo won't be moving to town until the snow flies and expects to only spend the winter in town.

Ray Wellman was a patient in the Vulcan Hospital for the past week undergoing a medical check-up.

Mrs. Dee Scott of Hartell was a guest for a few days recently at the home of her brother-in-law and sister, Mr. and Mrs. Lewis Greaves.

HERRONTON FARROW

The September meeting of the Herronton Community Club was held at the home of Mrs. Mabel Davies. It was decided to hold a shower for Gail Maisey in the evening of Oct. 3, at the hall.

Mr. and Mrs. John Webb are presently holidaying at Pittsburgh, Penn.

Sincerest sympathy goes out to Mrs. Louise Gingras and family and the entire Gingras family on their recent bereavement.

Mrs. Gordon Sewell spent a few days in hospital last week.

A new transformer is being built by the Calgary Power on the highline by Pete Trasov's which will take power to Lethbridge.

Mrs. Alberta Moss and Everett Mason of Calgary were Wednesday visitors at the Fritz Mason home.

Mrs. Wilfred Malmberg journeyed to Calgary to see the play, "My Fair Lady" at the Jubilee Auditorium.

Shirley Beagle is recuperating from a bout with chicken-pox.

The person who is afraid to admit his mistake is making another. Some people think that the easiest way to make a mountain out of a molehill is to add a little dirt.

With The District Agriculturist

Assistance For Students

The Students' Assistance Act provides loans for boys or girls who plan to attend a School of Agriculture. The loans are to be used for the purpose of financing their course.

Loans are made according to need, but do not exceed \$300 in any school year. Loans are repaid according to achievement of the student at the school which he attends. That is, if a student attains a certain standing he will not need to repay the full amount of the loan. Terms of repayment are not yet finalized except that interest at 3½% will be charged and repayment terms will be reasonable.

Application forms and further information can be obtained at the District Agriculturist office.

Algae Control:

Algae, that greenish or red scum often seen in water troughs, sloughs and ponds can be quite easily controlled by several methods. Two chemicals which have been found very effective in reducing the growth of algae are bluestone (copper sulfate) and bleaching powder (chloride of

lime). Growth can also be prevented or greatly reduced in water tanks by suspending pieces of sheet copper in the water. Since green algae cannot grow without sunlight covering the top of the water tank or container is another good preventative measure.

Every year a certain number of animals die in this province from algae poisoning. When using bluestone to eliminate it care should be taken to use the amount specified, since bluestone is poisonous when taken in any considerable quantity. However, if mixed in the proper proportions, 17 grains to 1,000 gallons of water, it is harmless to both stock and humans. When bleaching powder is used it should be added to the water at the rate of two ounces per 1,000

gallons. After treatment the water may have a slight taste but the chemical is harmless when used in the proportions recommended.

Cumino Sweet Clover Available Soon

This new sweet clover variety has been in the multiplication stage for the past three years. It is expected that some seed will be available in the near future. Available stocks will depend on the outcome of this year's crop. The significant characteristic of this variety is that it is Courmarin free. Courmarin in ordinary sweet clover is responsible directly for "mellotaint" and indirectly for losses of livestock from "Sweet Clover disease." The variety should eliminate these hazards.

Grass and Legume Seed Growers To Receive Final Payment

Grass and legume seed growers in Alberta are to receive a final payment on deliveries to the Alberta Wheat Pool in the past season. It has been announced that cheques amounting to over \$135,000 will be mailed out to seed growers within the next few days. This will be the final payment on the 9½ million pounds of seed marketed through the Alberta Wheat Pool on a pooling basis in the 1958-59 crop season.

Pool officials state that a remaining operating surplus will be dealt with by delegates at the annual meeting in November.

Each kind, variety and grade of seed are marketed separately and the payments are based on actual selling experience. They will average about 1½ cents a pound but will range from ¼ cent a pound to 25 cents a pound for one small lot. No payment will be made on Altaswede red clover and white and mixed sweet clover.

In announcing the final pay-

ment, G. L. Harrold, president of the Alberta Wheat Pool, said that while some payments were not large, he was extremely pleased with the organization's seed operations over the past year. It has been possible to market a very large volume of seed on behalf of growers and avert any break in prices which could easily have occurred under such marketing pressure.

ARROWWOOD

Mrs. Lorraine Pobst was hostess to a number of local women on Friday evening, at a farewell party given in honor of Mrs. Alma Salter, who is leaving this week for Squamish, B.C. Games and contests provided the entertainment. Following this, Mrs. Freda Setters presented the guest of honor with a coffee table and mantle radio on behalf of the Ar-

rowwood community. Lunch was then served.

You are reminded of the next FWUA meeting on the afternoon of Oct. 7, when the highlight of the meeting will feature pictures shown by the Canadian National Institute of the Blind.

Mr. and Mrs. Henry McBride of Calgary and Bill Barry of Sudbury, Ont., spent a few days visiting at the home of Mr. and Mrs. Leigh Williams.

The Arrowwood Booster Club met on Thursday night at the home of Mrs. R. F. Williams. It was decided to hold a turkey bingo in December. The game of Scrabble provided the evening's entertainment. Following the regular business meeting, Mrs. Williams and Mrs. Mattucks served a lovely lunch.

The Community Hall has taken on a new look, thanks to willing workers who showed up and painted the building this past week. The roof is a bright green, with the walls done in white.

The WA of the United Church met on Wednesday in the church basement. It was decided to hold their bazaar and supper on Nov. 20. Reports from various committees were heard. Mrs. Frances Coffell and Mrs. Margaret Talbott served lunch.

Mr. and Mrs. Ernie Linley were Calgary visitors on Saturday where they attended the wedding of Ann's sister.

Mrs. R. Culp and Mrs. D. Richards attended the fourth annual convention of the CNIB held in Calgary last week.

The Home and School Association will sponsor a bean supper and talent night the latter part of October in the Community Hall.

Guide and Brownie Association

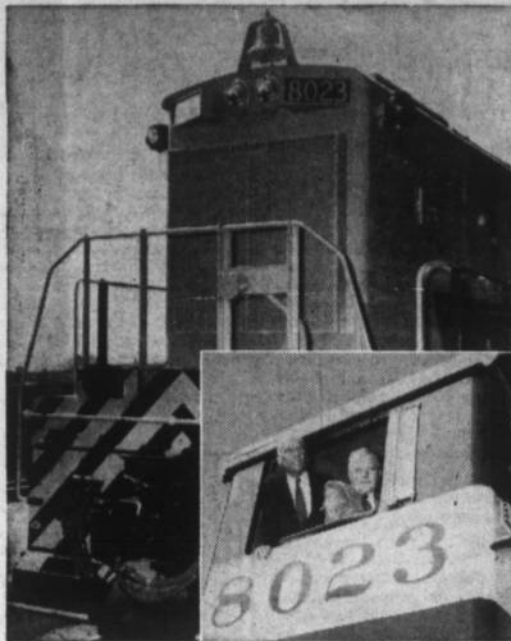

The local Association met in the church on Wednesday evening for the regular quarterly business meeting. It was decided to plant the tulips which were purchased by Guides around the world, beside the United Church.

The election of officers was the main event of the evening and those elected were as follows: President, Mrs. O'dell Lloyd; vice-president, Mrs. Frances Helm; secretary-treasurer, Mrs. Jean McInenly; uniforms, Mrs. Joyce House; badges, Mrs. Kay McInenly; test appointers, Mrs. Thurza Army for Guides and Mrs. Lorraine Pobst for Brownies, and the delegation to attend division meetings, Mrs. R. B. Williams, Mrs. F. Oakes and Mrs. L. M. Williams.

Captain Ella Hayes reported on the Girl Guide Camp held at Little Rock Park during July. Brown Owl Eleanor Oberholtzer reported that she had 16 Brownies and will start the meeting in October.

Gymkhana

A Gymkhana has been organized in this area, and have been hold-

1000th DIESEL: Termed a significant milestone in Canadian Pacific's system-wide dieselization program was the delivery Sept. 10, of diesel locomotive No. 8023, a 1,000-horsepower road switcher, which was the 1000th unit of the efficient diesel power to go into service on the C.P.R. Shown (inset) in the cab making a final inspection of the unit at the time of its delivery to Windsor Station, the railway's Montreal headquarters, are C.P.R.

President N. R. Crump (right) and G. W. Miller, president of Montreal Locomotive Works, builders of the unit. Several directors and officers of both companies were on hand to witness the acquisition by the C.P.R. of its 1000th diesel, which brings total dieselization of the 17,000-mile railway system a step closer to the 1961 target date set by Mr. Crump in 1955. The Canadian Pacific acquired its first diesel electric units in 1943.

ling local and district meets here throughout the summer. These have been well attended and enjoyed by those taking part or watching.

Officers elected recently were as follows: President, Bob Brown; vice-president, George Ward; secretary-treasurer, Roy King; directors, Milt Grant, F. C. House and Percy McInenly; advertising, Jack Long, Joe McInenly Kay McInenly and Ilene Brown.

The next Gymkhana will be held after harvest.

QUEENSTOWN

Mrs. George Elder presented Bill Fraser, student minister of the United Church with a gift set of the clip and cuff links on behalf of the Queenstown Ladies' Aid on Sunday, Sept. 13.

Don McCord motored to Lethbridge a week ago Sunday to meet Mrs. Don McCord who returned from Saskatoon with Mr. and Mrs. Doug Rodgers of Lethbridge. Mrs. McCord was called to Saskatoon during the week due to her brother's illness.

Mrs. Clara Kingsmith accompanied Mr. and Mrs. Lawrence Smith to Strathmore on Thursday evening where they attended the zone meeting of the Canadian Legion and Auxiliary.

Miss Lela Mae Durston is attending the Calgary Branch of the University of Alberta.

The Queenstown post office was moved to the house now occupied by Mrs. Myrtle Lothian, well known by many as the Blue house.

Mr. and Mrs. Keith Dawson of Parkland motored over to the latter's parents, Mr. and Mrs. M. T. Edwards recently, at which time their children returned home with them. Diane and Tommy Dawson stayed with their grandparents while their mother was recovering from an operation.

Visiting at the J. Bushell and T. Daw residences over the weekend were Mrs. Bushell's and Mrs. Daw's niece and husband from

Saskatchewan. Mr. and Mrs. Ron Fetkenher and son were also weekend visitors at the J. Bushell home.

The Queenstown Ladies' Aid met at the home of Mrs. M. T. Edwards on Thursday of last week with eight members present. The fall tea and bazaar was set for Saturday, Nov. 7. The next meeting will be held at the home of Mrs. Wm. Taggart on Thursday, Oct. 29. This meeting will be held in the evening due to the Women's Institute holding a sewing course the biggest portion of that week.

Mr. and Mrs. Tom Sevrens and family of Calgary were weekend guests of Mr. and Mrs. Don McCord.

RECOVERY OF MINERAL TITLES

The Mineral Titles Redemption Act

Any person who lost his title to minerals after December 1, 1945, under The Mineral Taxation Act, 1945, or The Mineral Taxation Act, 1947, either by forfeiture or transfer, or a person on his behalf, may make application for the recovery of the title under the Mineral Titles Redemption Act to:—

Superintendent of Mineral Tax,
Department of Mines and Minerals,
Natural Resources Building,
Edmonton, Alberta.

As a title cannot be recovered after March 31, 1960, application should be made immediately in order to conclude all matters required under the Act before that date.

LOMOND

Congratulations are extended to Mr. and Mrs. Tim Ost on the birth of a daughter in the Vulcan Hospital Thursday, Sept. 17. Name: Donna Lee. Weight: 5 lbs, 15 oz. A sister for Rhonda.

Mr. and Mrs. K. McLachlan of Calgary and Mr. and Mrs. H. May of Burstall, Sask., were recent weekend visitors at the home of Mr. and Mrs. Mervin Liebrick and family.

Mr. and Mrs. Juan Cortez and Ramon, accompanied by Diane and Johnnie Pytlarz were Lethbridge visitors on Saturday, Sept. 19.

Mrs. Maurice Mercier has returned home after spending several days in Calgary recently.

Best wishes for a speedy recovery are extended to Mrs. Johnnie Gray, a patient in the hospital at Crows Nest Pass.

Mr. and Mrs. Bob Cyr and family have returned to their home at Montgomery after a three-week motor trip as far as Montreal, returning home via the United States. En route they visited Mrs. Cyr's brother and sister-in-law, Mr. and Mrs. Frank Chambers at Ottawa, Ont.

Mr. and Mrs. Paul Ost, Jr., were Vulcan visitors on Saturday of last week.

St. John's Anglican Guild

The regular monthly meeting of the St. John's Anglican Guild was held Tuesday evening, Sept. 22, at the home of Mrs. Arthur Humphreys with nine members and two visitors present. Roll call was answered with a penny for each year married. Correspondence was read and calendars for 1960 are to be ordered.

The Harvest Service is to be held Sunday, Oct. 18, at 3:00 p.m. Also, in the future all church services will be at 3:00 in the afternoon. Some discussion followed re-installing a new heating system in the church. A volunteer committee was formed to look into the matter and a motion was passed that a heating unit and a new chimney be installed.

Anyone interested in confirmation classes are to get in touch with Mrs. Goldthorpe. The next meeting will be held at the home of Mrs. J. W. Chambers. Those on lunch are to be Mrs. Frost, Mrs. Fraser, Mrs. Goldthorpe and Mrs. Henrickson. Roll Call will be to

Local Dealers See
1960 Models

Bill, Lawrence and George Richardson of Richardson & Gould Ltd., accompanied by salesmen Mike Miller and Lloyd Jones, were among the Dodge-DeSoto dealers attending the showing of the new Dodge line at the Northern Jubilee Auditorium, Edmonton, on Monday.

The "star" of the show was the dashing Dodge Dart, an all-new car in the low price field and unanimous approval swept through the expectant audience as feature after feature was revealed by a top-notch, slickly produced show. One after another they came on: A completely new money-saving six-cylinder engine that "acts like an eight"; a new single-unit body that can't rattle, squeak or rust; a whole new world of space-age interiors—and then finally a fanfare, an explosion of color and it was revealed for all to see... an all-new Dodge, with its own Dodge body and its own Dodge beauty... the car of the fabulous sixties... Dodge Dart.

"Here is a car," said Mr. A. L. Hancox, director of sales, "that represents a fabulous climax to thirty-five years of Dodge engineering. This is the car that is going on to win a bigger share of a bigger market for Dodge-DeSoto dealers across Canada."

But there were other stars that proudly shared the lime-light with the dashing Dodge. The magnificent 1960 DeSoto won loud ovations with its elegant continental look. The restyled Dodge truck line made news with its new low cab forward and diesel-engine story.

Reason people do so much driving nowadays is that it's cheaper to drive it than to park it.

KIRKCALDY

Mr. and Mrs. Francis Wrench, and Mrs. MacCrea of Calgary, were recent visitors at the Spencer Lewis home.

Mrs. Alice Loughlin and son Jim of Edmonton, visited last week with the former's son-in-law and daughter, Mr. and Mrs. Rodger Roebuck.

Mr. and Mrs. Henry Todd motored to Bassano on Friday to visit Mr. and Mrs. Charles Oldenburg.

Friends of A. J. Malsey are pleased to learn that he was able to return home on Wednesday of last week after being a patient in the Vulcan Hospital for the past six weeks.

Friends of Miss Dawna Haga are sorry to learn that she had

the misfortune to break her right arm when she fell off her bicycle on Monday evening and was hospitalized for a few days.

Blaine Middleton left on Monday of last week to attend the Calgary Branch of the University where he will study for the first year in a course of Electrical Engineering.

Friends of Bert Malsey are sorry to learn that he is a patient in the Vulcan Hospital suffering from broken bones, lacerations and shock received in a car collision on No. 23 highway on Monday morning. His many friends wish him a speedy return home and a good recovery.

Mrs. Florence Stewart of Calgary was a recent visitor at the home of Mr. and Mrs. Jim Jensen. On returning home she took Alvin, infant son of Mr. and Mrs. Jim Jensen with her for a two week visit.

Different Kinds Of Cake

A United States publication, which is usually to be found in barber shops and beauty parlors, has been urging that the price of steel is too high. Of course it is high, and so are all other prices.

Steel prices and other prices are high because wages are high. Because wages are high, equipment to make steel and other goods cannot be replaced in the normal way at what used to be a normal cost. It is essential that every manufacturing industry make sufficient profit after taxes that it can save or set aside funds for replacement of existing equipment and expansion.

If steel and other prices were not sufficiently high to enable management to provide for replacement and expansion, steel and other prices would, in the term of a few years, go even higher than they will go under the present policy of retaining earnings.

Competition, and there seems to be plenty of it at home and abroad, in the steel industry as well as most other industries, will prevent prices from going higher than they need to be. The inner efficiency of an industry will increase net profits but without that inner efficiency the entire industrial fabric would deteriorate. The people who can decide when prices are too high are the buyers of the goods so priced. The editorial writer who asserts that prices are too high is a mere propagandist. Propaganda for lower prices is perhaps a good thing but the person who will decide ultimately is the consumer. Congressional and parliamentary inquiries are in great part futile in trying to determine what are just prices.

Consumers can and sometimes do decide that prices are too high, or that the packages are too fancy, or that the cake is too rich. This is said with due regard to the fact that it is debatable if Maria Antoinette lost her head only once. There was a first time — when she said, "Let them eat cake."

High Jumping Firefighters Parachute to Work

Aerial fire-fighter attired in snag-proof suit prepares to jump.

Swirling 2,000 feet through the air, Saskatchewan's smoke jumpers strike quickly at remote forest fires. Wearing specially padded clothing and two parachutes, they jump to protect the woodlands, the nation's most valuable resource. All forest fires are small in the beginning and their job is to prevent their growth.

Although preferring to walk or ride to a fire, jumpers "hit the silk" about twelve times a season to attack fires in areas that cannot be reached by land or water.

The work of these western aerial firemen, the detection crews that guide them to the fires, and the researchers who support them with the best fire control techniques were the chief items discussed at the Third National Forest Fire Research

Conference held recently at Waskesiu in Saskatchewan's Prince Albert National Park.

The purpose of the conference, attended by federal, provincial, and industry forestry officials, is to stimulate continued action and thinking in all aspects of fire control research. The need for a stepped up program of research on the part of governments and industry was emphasized.

The Forest Fire Research Conference was sponsored by the Woodlands Section of the Canadian Pulp and Paper Association. It was the third in a series. By sponsoring these conferences that will lead to better protection of the nation's forests, the pulp and paper industry serves national as well as its own industrial needs.

Mr. and Mrs. Ralph Richardson were business visitors in Calgary on Friday.

TAXLESS TOWN

The people of the Crownest Pass coal mining town of Coleman laugh at the old aphorism that it's impossible to escape death and taxes, says The Financial Post.

The last time they paid municipal taxes was in 1954 — and this Utopian situation can continue as long as the town owned Coleman Light and Water Co., remains on today's profitable footing. The utility buys power in bulk and sells it at regular rates.

The astounding fact the town is operating without levying municipal taxes is one of the main factors in keeping it alive.

It has escaped death even though its chief industry (coal mining) received post-war body blows that reduced the working force from 1,200 to 175.

THE WEATHER

Just when it looked, on Tuesday, that harvesting would again be in full swing within a day or two, colder weather accompanied by light showers reappeared Tuesday night.

Some farmers were able to combine flax Monday and Tuesday of

this week, but a great deal of wheat and flax still remains to be combined. It has been a very difficult harvesting season.

MOSSLEIGH

4-H Go-Getter Meeting
The Mossleigh 4-H Go-Getters held their organization meeting Wednesday, Sept. 16, after school in the Mossleigh Church. Twelve girls and four mothers were present.

The first business of the meeting was the election of new officers. The following in the new executive are: President, Janet Leslie; vice-president, Judy Robinson; secretary, Judy Leslie; treasurer, Donna Elliott; club reporter, Mary Androssoff.

A brief discussion was held on what to do with our government grant. The club decided if possible to have a tour this fall. A committee was organized to arrange the tour.

The club meetings will be held twice a month. One meeting will be a Wednesday after school, and the other will be a work meeting on a Saturday. Other business discussed was 4-H crests and pins, handicraft and presentation of spoons with crests mounted on them to previous members of the club who have recently been married.

Roll call for the next meeting will be a money-raising idea plus a suggestion for handicraft.

REDLANDVIEW

The Ladies' Sunshine Club will hold their first meeting of the fall at the home of Mrs. Victor Fulton on Thursday, Oct. 8.

Mr. and Mrs. John Schlerman had as their guests on Sunday, Mr. and Mrs. Martin Rousch of Calgary.

Callers last week at the Howard Burrell home were Mr. and Mrs. Raymond Granlen and daughter Judy of Creston, B.C.

Wayne Cutforth left for Calgary on Monday evening to resume his studies at technical drafting. On behalf of the district we wish to congratulate Wayne who was appointed a \$25 scholarship which was donated by the Commercial Agencies.

Vernon Wright of Calgary spent the weekend at the home of Mr. and Mrs. Alvin Jacobson.

Mr. and Mrs. Arthur Cutforth were Lethbridge visitors on Thursday.

GEN. VANIER NEW GOVERNOR GENERAL

The Queen has chosen Maj.-Gen. Georges P. Vanier of Montreal—lawyer, soldier, patriot and diplomat—as Canada's next Governor-General.

The announcement of the Queen's choice of a successor to Governor-General Vincent Massey, who retires this fall, was made on the steps of historic old Government House in Halifax, where the federal cabinet was in session.

It said: "It is officially announced from Government House, Halifax, that the Queen on the recommendation of the Prime Minister of Canada has been graciously pleased to approve the appointment of Maj.-Gen. Georges Vanier, CMC, DSO, as governor-general in succession to the Rt.-Hon. Vincent Massey, CH."

The new governor-general assumed office Sept. 15.

WORLD'S MOST COMPLETE TRANSPORTATION SYSTEM

"...advancing the art of transportation"

Volkswagen's success is world-wide. New in design, unorthodox in concept, its many unique features have won wholehearted approval in 110 countries from laymen and engineers alike.

The engine is mounted in the rear. You get better traction in snow, mud or sand. The engine is air-cooled. No water to boil, no anti-freeze to buy, no radiator to leak. Torsion bar suspension with independent springing on all four wheels. Greater comfort, safer road-holding. Just as important, maximum use of aluminum and magnesium alloys. Lighter weight, greater efficiency, more miles per gallon.

All these features were pioneered in mass-production by Volkswagen... proven right by millions of drivers... proven right for low-cost, troublefree transportation. Already some of Europe's largest manufacturers have followed Volkswagen's lead. Now American companies are also adopting these advanced engineering principles. And only recently, leading American engineers awarded to Volkswagen the coveted Sperry Award for "advancing the art of transportation."

Improvements? Yes, they are being made constantly. But the basic design is maintained and so is the quality of workmanship. The happy result, an extra-ordinary high resale value.

Volkswagen service is as good as the car itself. From coast to coast, 280 authorized Volkswagen service centres are equipped with genuine factory parts and factory-trained mechanics to give you efficient, inexpensive service... All this backed by a central 5-million dollar Spare Parts Depot at Toronto.

SERVICE BOARD NOTES

By H. S. Burns

Before commencing our fall and winter program, I would like to express just a few personal thoughts that occurred to me after quite a period of absence from the pages of the "Advocate", due to a rather severe illness that struck suddenly and will require quite a period of time to fully recover, but it is with a thankful heart that I am able to carry on this and some of the many other duties required in this agricultural service work.

I hope that these notes are of some benefit to the readers as considerable time and effort is required to produce them. I will try to keep these notes before you as often as possible, having in mind to be brief and up to date, and to keep county agricultural matters in the fore.

The fall campaign of calf vaccination for Brucellosis prevention will be under way in a few short weeks, when the veterinarian will be again going over the area in a systematic manner as possible. It is our opinion that anyone who has heifer calves, whether disposing of them early or not, will in most instances find it to their advantage to have them vaccinated on the farm rather than having the inconvenience sometimes required to get it done when the animals reach the sale lot. Our organization will co-operate with you in this regard as far as possible.

Also anyone interested in having the poison 1080 used on their land for the thinning of the coyote population, should make application to this office during the fall season for this service, (we already have a few applications) bearing in mind that these baits must be a full mile from any dwelling and that they assume full responsibility in the event of any damages. We will be glad to fully acquaint any farmer with the regulations governing the setting out of this poison.

Mr. and Mrs. Clarence Mote accompanied by Mr. and Mrs. Lowell Elston motored to Lethbridge and Raymond last Saturday. Mrs. B. Brown, Mrs. Harry Brown and Mrs. Bert Larsen motored to Okotoks Thursday of last week. Mr. and Mrs. Curly Collison of Claresholm were last Sunday visitors at the Bill Turley home. The family of Mrs. George Flebotte gathered at the B. Brown home on Monday evening to extend best wishes to Mrs. Flebotte who celebrated her 76th birthday. Friends of Earl Mote were sorry to hear he is a patient at the local hospital. All wish him a speedy recovery.

"Have Bulbs - Will Sell"

Vulcan Lions Club
Light Bulb
CAMPAIGN

Oct. 1 to Oct. 15

● The Vulcan Lions Club will conduct a house-to-house canvass of both town and country residents Oct. 1 to Oct. 15, to sell a "package deal" of electric light bulbs, with all proceeds going towards the Lions Memorial Swimming Pool.

● The bulbs will be sold in bags, each containing two 60 watt, four 100 watt and one 150 watt bulbs, all for the price of \$2.00.

● For those who are not home when the canvassers call or who wish to pick up the bulbs while in town, the Lions' Bags of Bulbs can be bought during the campaign period at either the Vulcan Electric Co. store or the Vulcan Seed Cleaning Plant.

● Every householder can use light bulbs and this drive will afford an opportunity to buy a good supply at a fair price and at the same time help support a most worthy project.

Thigh Hill W.I.
Donates To Library
And Swim Pool

The September meeting of Thigh Hill WI was held at the home of Mrs. R. Lundgren, with Mrs. Clayton Clarkson as assistant hostess. Roll call was "Ideas for Lunch Boxes," and provided some fine pointers on a most interesting subject.

Mrs. O. A. Craig gave a report on the needs of the Vulcan and District Library and a donation was made to this cause. A fine donation of \$25 was made to the Vulcan Memorial Swimming Pool. A vote was taken and the decision made to hold future meetings the first Wednesday in each month, rather than on Thursday. The committee that had been in charge of serving lunch at the Blood Donors' Clinic reported 130 had donated blood, the largest clinic ever held here.

Mrs. Clifford Love, the new constituency convener, will pay her official visit to the branch at the October meeting, which will be held at the home of Mrs. Norman Soder.

A paper titled, "Let Me Hand You a Lemon," prepared and given by Mrs. Boyd McKay, gave some very interesting information on the growing, processing and use of the lemon. Mrs. McKay also was the winner of a contest that was presented.

The tea draw went to Mrs. Soder after which a dainty lunch was served by the hostesses.

Rally Day At
Church of Christ

On Sunday morning, Sept. 27, the Bible School of the Church of Christ in Vulcan held its Rally Day and Promotion Exercises in the church. There was a large crowd on hand to witness this special event and the whole of the morning service was centered around the young folk. Mrs. Elsey Hollister, the Bible School Superintendent, introduced the teachers of the various classes who in turn presented the eligible students with their certificates.

Special numbers were brought by Michael Denbigh, Brenda Haga, Dawna Haga, Marilyn Greene, Lorna and Linda McMasters and the Lloyd Jones family. A special children's talk in the form of an object lesson was given by the minister, Tony Pearce, who also introduced a new Bible school contest to the children entitled, "Across Canada to Vulcan."

The Young People's Group have now started on their fall and winter program and last week held their election of officers. The results were as follows: President, Carolyn Haga; vice-president, Michael Pearce; secretary, Merla Robertson, and treasurer, Marilyn Metcalf. Ron Hughes was elected chairman of the social committee.
